

G80 Vintage LED Filament Bulb

Product Description

G80 Vintage LED Filament Bulb is usually used in places where incandescent bulbs had been used before. It can make every space look inviting and cozy while offering energy efficiency. With an amber coating, this G80 Vintage LED Filament Bulb provides a warm light that resembles the ambiance created by incandescent lamps. They are perfect for creating a very pleasant atmosphere in sitting rooms or bedrooms.

Benefits of LED filament bulb:

1. Energy-saving, low heat, low power consumption, stable performance.
2. Long life span, it can last 25000 hours.
3. LED filament lamps offer aesthetically appealing designs combined with quality and energy efficiency
4. Perfect blend of traditional and cutting-edge technology.
5. Great reducing carbon emission, environmentally friendly.
6. With traditional incandescent lamp design, it can be easily accepted by common people.
7. With 360° beam angle, the filament bulb can give out light omnidirectional.
8. No radiation, no mercury, instant start, no flicker, no harm to human eyes.
9. Does not contain lead, mercury and other pollution elements.
