

Zhejiang Seming Electronic Co., Ltd

	Name: GU10 LED Spot Light	
	Model: /	
	LED QTY: /	
	Size: D:50mm, H:51.5mm	
	Weight: 56g	
	Certificate: CE, RoHS, FCC	
		

Specification

Actual Power	4W	Size	D:50mm, H:51.5mm
Lumens	270	Output Current	/
Output Voltage	/	LED Quantity	/
Lifespan	30,000 Hours	Commercial Type	GU10
Working Frequency	/	CCT	warm light 3000K, cold light 6000K
Weight	56g	Coverage area	/
Outer Carton Size	/	Material	high-quality PC

Description:

GU10 LED spot light provide a soft edged and focused bright beam, an exceptionally long life and significant energy savings. The 2835 SMD LED chips, which give out a clean and ultra bright light, are housed inside a smooth and stylish white exterior with excellent heat dissipation property. Proprietary optics lens helps delivering glare-free uniform lighting for all working environments. The durable alternative to halogen spot is suitable for both accent lighting, track lighting, and general-purpose lighting. GU10 LED spot light is usually recessed into ceilings to down light living spaces in domestic and retail properties. It's so easy to switch to LED, just remove your old bulb and plug in one of our energy saving ones - no electrical work required.

The benefits of GU10 LED Spot Light:

1. Roughly 80% more energy efficient than other bulbs
2. The light absolutely durable and less prone to damages, the quality of light remains constantly bright even after several hours of uses
3. Almost identical in shape and size to a halogen bulb for maximum compatibility
4. Very attractive appearance - beneficial when the bulb is on show
5. Certified as equivalent to 50W in terms of light output
6. 2 Year manufacturer backed Warranty
