

## SM-FL2C LED Flood Light

### Product Description

SM-FL2C LED Flood Lights are broad-beamed, high-intensity artificial lights. They are often used to illuminate outdoor playing fields while an outdoor sports event is being held during low-light conditions. The white beam of light produced by it is very much similar to daylight. When SM-FL2C LED Flood Lights be used in stadiums, it makes the spectators feel as though it is day time. Also, SM-FL2C LED Flood Lights are impervious to temperature fluctuations and environmental conditions. Unlike some other lights, LEDs remain stable and functional even in freezing conditions. This makes them all the more ideal for cold warehouses and storage areas.

Being free of Mercury, Lead and Carbon Emissions, SM-FL2C LED Flood Lights do not give out any harmful emissions such as carbon. As a result, they are much friendlier to the environment and also to the health of people nearby. What's more, SM-FL2C LED Flood Lights do not emanate heat and conserve the maximum amount of electricity, which also leads to longevity and safety.

For these advantages of SM-FL2C LED Flood Lights, these lights are ideal for use in cold storage warehouses, or used as a stage lighting instrument in live performances such as concerts and plays. In the top tiers of many professional sports, it is a requirement for stadiums to have floodlights to allow games to be scheduled outside daylight hours.

### Features

Address: Haicheng Road, Baiguan Industrial District, Shangyu Area, Shaoxing City, Zhejiang province, China; Tel: +861 8267537265, **WhatsApp: +8618267537265; Email: [sales@seminglighting.com](mailto:sales@seminglighting.com)**

# Zhejiang Seming Electronic Co., Ltd

1. Modular pluggable technology, easy tool onsite maintenance,
2. Honeycomb and whole structure cooling technology, high efficient heat dissipation,
3. Double-coupling IP68 protection, highest waterproof level,
4. Intelligent constant current driving technology, long life span,
5. Ergonomic light distribution to achieve uniform illuminating effect,
6. Free modular serialization and full power range solutions

## Detailed Parameters

Input Voltage	Power Efficiency	Power Factor	Junction Temperature	CRI	Working Environment	Storage Temperature			
AC100V-277V	91%	0.95	<80°C	Ra ≥ 70	-40°C~+50°C 10%~90%RH	-40 °C ~+50°C			
LED Life span	Surge Protection	CCT	LED Brand	Material	IP Rating
